EDU CORNEJO

My Photographic Journey.

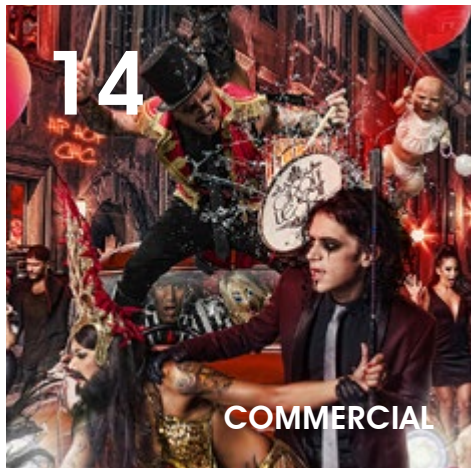

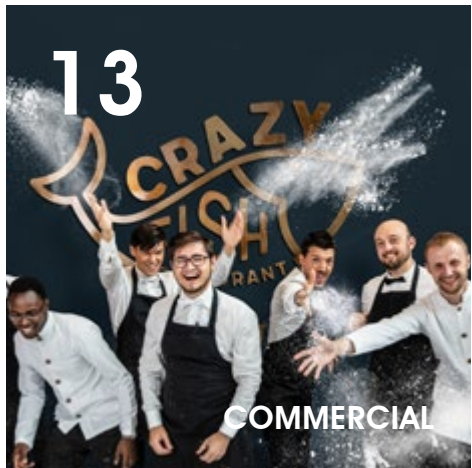

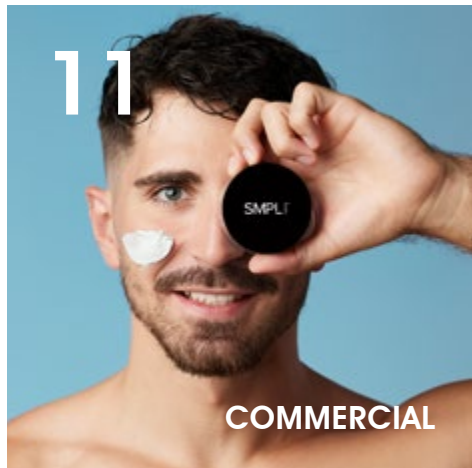

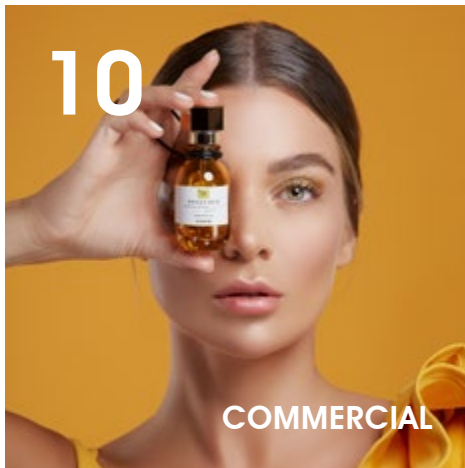

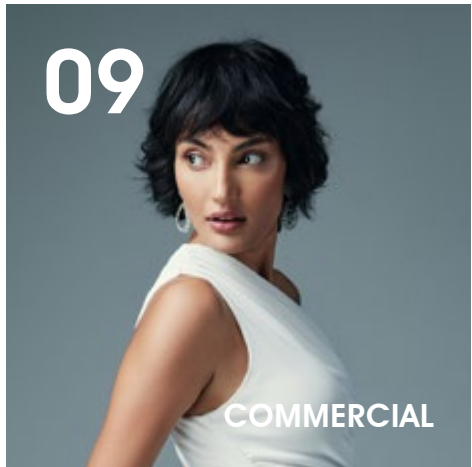

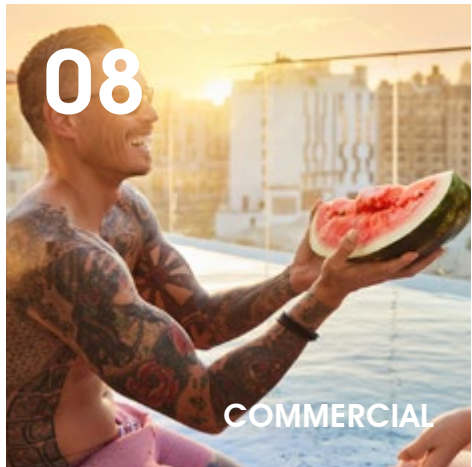

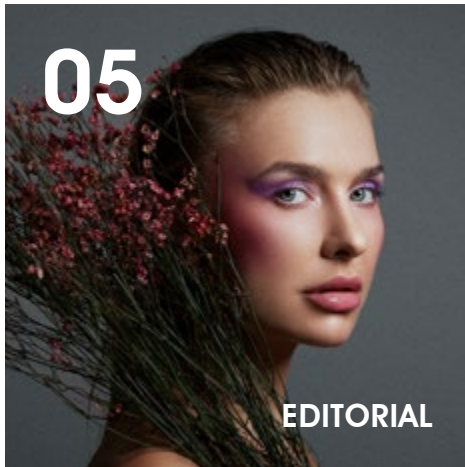

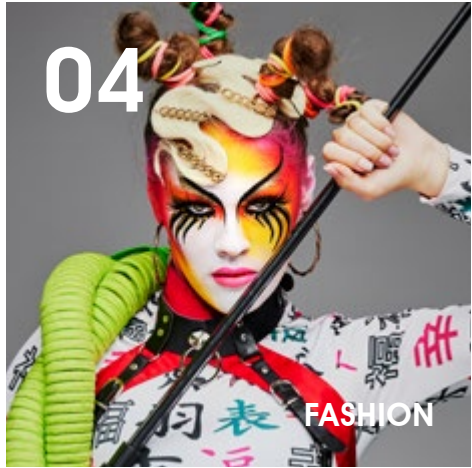

My journey began as a graphic artist and art director, crafting eye-catching visuals and collaborating with amazing brands and photographers on advertising campaigns. It was during this time that I discovered the magic of photography – its power to tell stories in a single frame. Now, as a passionate photographer, I help businesses captivate their audience and achieve their goals through powerful imagery.

Friendly and approachable, I love getting to know my clients and their businesses – understanding their vision is key to capturing the perfect photos. Let's create something awesome together!
